

Our Merlin boats originated in 2016, when we refurbished an old life boat (aka Sloep), for our private use on the Knysna Lagoon. Being active boaters we found this style boat not only aesthetically pleasing but extremely practical. And so began production...

Anyone looking for a water sport boat that can also offer luxury cruising for large families and friends will love our Merlin's. Made from premium high-tech fiberglass materials and workmanship to ensure the final result remains pretty much maintenance free whilst satisfying the unique vintage design. A strong emphasis on engineering to maximise the driver experience in any water conditions, as well as style and comfort. It incorporates the socialising aspect of a large cruiser and the power of a speed boat.

Our boats are bespoke and we encourage customers to be a part of the build process. You can choose the colour of the hull, cushion sets and other optional extra's that will reflect your personality and make the Merlin uniquely yours.

And... one other main perk, the Merlin is easily 'Trailer-able'

Nothing else like it in South Africa.

## Merlin 760S Specs

<b>Length</b>	<b>7.6m</b>
<b>Beam</b>	<b>2.4m</b>
<b>Weight</b>	<b>1200kg</b>
